

**WestShore**  
Child Care Center

## Welcome to the KindeRichment After School Department

It is the goal of West Shore Child Care Center to provide a relaxed and interesting environment for children who spend the rest of their day with us after school. Children are involved in music, art, literature, math, social studies, cooking projects, historical reenactment, and much more. Many open-ended activities are planned for groups and individuals. Children go on treasure hunts, solve mysteries, decode messages, write stories, dramatize their own and other stories, make costumes, go on field trips to movies, museums, parks and just out to lunch. (Occasionally there are extra fees involved).

Each month the class puts on a special program for parents and family so they may learn about the children's activities. We encourage parents to be involved whenever they are able.

First through fifth graders make up our **After School** program, and along with two other teachers, join the kindergartners after school. Before school care is also provided from 6:30 until 8:30 AM when the Rocky River school bus picks up the children from the Center. Parents have the option of enrolling their child before school only, after school only, or before and after school at three different tuition rates.

Our After School program provides all-day care at a small additional cost per day whenever school is not in session.

During the summer months we change our program to Summer Camp and provide all-day care.

We are excited have your child join our fun-filled experience!
